

# R.E.A.L kids FUN CAMP 2009

## AT R.E.A.L KIDS KOTA DAMANSARA

Special FUN CAMP 2009 Edition

Date : 23-26 November 2009, Monday to Thursday  
Time : 9:00am to 4:00pm  
Venue : R.E.A.L Kids Kota Damansara  
Campers : 22 participants, aged 4 to 8years old

**Day 1**, we took the children on a bus ride to Seremban; **Yakult Factory** and the **Ostrich Farm**. Yakult is well known for producing delicious *Japanese probiotic milk-like beverage*. The children were taught the processes of preparing deliciously healthy Yakult beverage and given various flavours to enjoy as well. For lunch, we headed to the famous A&W.

Next, the children had fun learning about the largest species of bird in the planet, the Ostriches! The children got hands-on experience; touching and even riding on the birds. Besides that they excitedly posed for photos standing on ostrich eggs, as well as sitting on the beautiful giant bird. Finally, they got to cheer for an ostrich race. All were awarded a certificate afterwards.

**Day 2**, the children learnt to make sushi in **Sushi King, Mid Valley**. Sushi is cooked *vinegar rice with toppings like fish or put into rolls with vegetables, meat or garnishing*. Truly a healthy yet delicious Japanese food well known all over the world! It was an interesting yet enjoyable process to learn about food and many children got to take home what they made for their parents to sample. It was also the **Art & Craft Day** whereby the children got to paint and assemble a wooden plane creatively by themselves with minimal guidance from the teachers.

🎵 Making Sushi at Sushi King!

🎵 Art & Craft Day

**Day 3**, is Cookery Day. We made *Batik Cake* & it's so called named, as it looks like "BATIK" - due to the *biscuits in the chocolate mix*. It was so much fun and the children loved getting their hands messy and licking off the chocolate later. The cake was left to cool in the fridge. While waiting, the children were told stories and learnt about **Obedience from Character First**.

**Day 4**, was **Water Play Day**. The children brought extra clothing and got totally soaking wet playing water games. It incorporates teamwork and unity while having fun. They also learnt to make *tong-yuan* for tea, *a sweet sticky dessert*. They brought home the batik cake from the day before and their painted wooden airplanes to proudly display their masterpieces to their family and friends. Character First lessons for the day were **Dependability and Forgiveness**.

This camp helped develop multiple intelligences such as picture smart (painting and assembling a plane), nature smart (ostrich farm outing), people smart (teamwork and socializing) and body smart (physical work outs while playing games).
